

AXON TECHNOLOGIES (PVT) LTD.

CORPORATE EXPENSE AND REIMBURSEMENT POLICY

Document Reference: AT-FIN-POL-2026-V1

Effective Date: June 18, 2026

Applicability: All Permanent, Contract, and Trainee Employees

1. PURPOSE & GENERAL PRINCIPLES

This document establishes the official policy and procedures for the disclosure, approval, and reimbursement of business-related expenses incurred by employees during the performance of their official duties at Axon Technologies (Pvt) Ltd.

- **Business Necessity:** Expenses must be reasonable, necessary, and directly related to the authorized business operations of the company.
- **Receipt Requirement:** All reimbursement claims must be supported by original, itemized, and legible commercial invoices or digital receipts (e.g., e-receipts from Uber, PickMe, or telecom vendors). Claims submitted without proper receipts will be automatically rejected.
- **Submission Deadline:** Employees must submit all reimbursement requests via the internal finance portal within thirty (30) calendar days from the date the expense was incurred. Late submissions will not be processed.
- **Integrity and Compliance:** Any attempt to submit fraudulent, inflated, or duplicated claims will result in immediate disciplinary action, up to and including termination of employment.

2. TRAVEL & TRANSPORTATION POLICY

The company reimburses legitimate transportation expenses incurred during official client engagements, off-site project deployments, and exceptional working hours.

- **Authorized Modes of Transport:** Employees are authorized to utilize registered ride-sharing platforms (e.g., Uber, PickMe) or registered local taxi services for official client site visits.
- **Late-Night Transportation:** Software Engineers (SDEs), QA Engineers, and Support Staff working late hours are eligible to claim ride-sharing transport from the office to their residence if their shift or overtime work concludes **after 8:00 PM (20:00)**. Any transport claim for standard commuting before 8:00 PM without prior manager authorization is strictly prohibited.

- **Strict Spending Limit:** The maximum allowable reimbursement for any single transport invoice or individual ride-sharing trip is **LKR 3,000**. Any single invoice exceeding LKR 3,000 will be automatically rejected by the automated auditing system for the entire amount unless explicit pre-approval from the Finance Director is attached.
- **Non-Reimbursable Travel:** Personal commuting to and from the office during standard working hours, traffic fines, parking tickets, and fuel for personal leisure travel are non-reimbursable.

3. FOOD & MEALS SUBSISTENCE ALLOWANCE

Reimbursement for food and subsistence is strictly managed to balance employee welfare with corporate budget allocations.

- **Official Corporate Meetings:** Food and beverage expenses are reimbursable only when hosting foreign clients, official corporate visitors, or during internal cross-departmental workshops officially approved by HR.
- **Overtime Meal Eligibility:** Employees are eligible for an overtime meal allowance only if they perform continuous overtime work exceeding **three (3) consecutive hours** beyond their standard scheduled shift timings.
- **Strict Spending Limit:** The maximum allowable daily reimbursement allocation for standard lunch or dinner meals is restricted to **LKR 1,000 per person**. Claims exceeding LKR 1,000 will be systematically rejected.
- **Prohibited Items:** Alcoholic beverages, personal grocery shopping, luxury snacks, and tobacco products are strictly non-reimbursable under any circumstances.

4. INTERNET & CONNECTIVITY ALLOWANCE

To support remote work, hybrid models, and continuous deployment pipelines, the company provides a structured data and internet allowance.

- **Eligibility:** This allowance applies strictly to engineering, DevOps, and support teams who are required to work from home (WFH) or remain on-call during weekends and production deployments.
- **Strict Spending Limit:** The company will reimburse official broadband or postpaid mobile data connectivity charges up to a maximum cap of **LKR 4,500 per month per employee**.
- **Documentation:** Employees must submit the official monthly telecom bill statement (e.g., Dialog, SLT-Mobitel, Airtel) clearly showing the employee's name or registered address, along with proof of payment.
- **Scope Exemption:** Add-on packages for personal entertainment (e.g., Netflix streaming passes, gaming data packs) are excluded and will not be reimbursed.

5. OFFICE EQUIPMENT & HARDWARE ACCESSORIES

Minor purchases required to maintain developer productivity are permissible under strict constraints.

- **Authorized Accessories:** Reimbursements are permitted for small computer peripherals, including wired/wireless mice, USB-C hubs, charging cables, keyboard wrist rests, and standard office stationery.
- **Monthly Spending Cap:** The total cumulative reimbursement for office equipment and accessories is strictly capped at a maximum of **LKR 5,000 per month per employee**.
- **Pre-Approval Rule:** All hardware and equipment purchases require prior written or digital pre-approval (via email or internal ticketing) from the respective Department Head or Project Manager before procurement. Unapproved purchases will be rejected.

6. APPROVAL WORKFLOW

1. **Submission:** The employee uploads the digital receipt, specifies the amount in LKR, and enters a clear business description into the portal.
2. **Automated AI Audit:** The Automated AI Auditor screens the claim against the strict criteria outlined in this policy (Checking limits, dates, and times).
3. **Manager Sign-off:** Verified claims are routed to the Line Manager for final budget verification.
4. **Disbursement:** Approved claims are credited directly to the employee's registered bank account during the upcoming payroll cycle.
